Embark on our Stakeholder Journey and help us to tailor existing methods and tools

1st step: Phase of exploration & analysis (what exists?)

2023

- **What are the tools used in the 27 MS to design the National CAP strategic plan?** Stakeholders can participate in our inventory of tools
- **What are the best tools for what?** Find out what are the best existing tools according to stakeholders need: Benchmarking of methods and tools
- **When do tools help to support policy making?** Identification of challenges in decision-making processes related to CAP SP development

2023
to 2026

Ongoing: Phase of information, discussion and capacity building

- **Tools4CAP newsletter & website**
- **Stakeholder Engagement Platform**
- **Tools4CAP Academy**

2nd step: Phase of use, adjustment & develop (how can it be used and adapted?)

2024

- **How can tools be adapted to the needs?** Co-design of improved or new methods and tools
- **What would be examples of how they might work?** Case studies: Demonstration planning and set-up

2025
2026

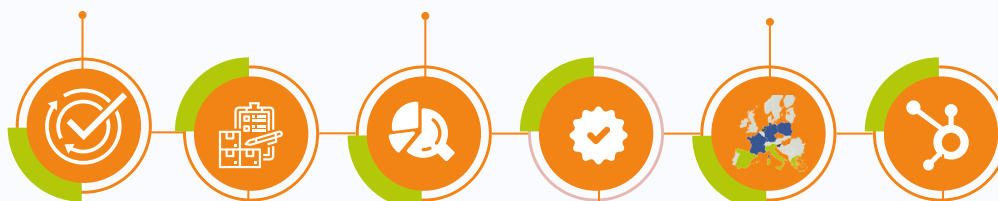

3rd step: Phase of ongoing identification and enrichment of the inventory

Conceptualisation and needs assessment for **understanding of the New Delivery Model**

Methodological guidelines for the implementation of innovative methods and tools

A Replication Lab to showcase the operational capacity to novel solutions of Member States through **10 case studies**

Use the main outcomes

An Inventory of existing methods and tools used in the design of CAP Strategic Plans of the 27 Member States

A Handbook to support the application of good practices

A Capacity Building Hub to help end users reinforce their capacity to use innovative solutions and good practices
