Tools4CAP

**Innovative Toolbox empowering
effective CAP governance
towards EU ambitions**

Funded by
the European Union

Tools4CAP has received funding from the European Union's Horizon Europe Research and Innovation Programme under Grant Agreement No. 101086311. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Research Executive Agency (REA). Neither the European Union nor the granting authority can be held responsible for them.

Towards a smart, sustainable, competitive, resilient and diversified agricultural sector with the CAP Strategic Plans!

Within the **period 2023–2027, the Common Agricultural Policy:**

- represents 1/3 of the EU budget.
- is a modernised policy, with a strong emphasis on results and performance that entails new monitoring, review and evaluation requirements.
- is a critical tool to achieve the ambitions of European Green Deal and its strategies Farm to Fork and Biodiversity 2030.
- has integrated the Pillar 1 and 2 into a single national CAP Strategic Plan (SP) organised around 10 CAP objectives which is expected to produce a joint effect of (multiple) interventions. Each national CAP SP combines funding for income support, rural development and market measures. CAP SPs have come into force in January 2023.

Our ambition is to provide decision-makers with suitable tools for a more evidence-based policy design

Support Action funded by Horizon Europe programme

1 January 2023 – 31 December 2026

Coordinated by ECORYS

20 Partners

Objectives

Empower effective CAP governance towards EU ambitions for green transition

Support the implementation of the CAP National Strategic Plans 2023–2027

Lay the foundations for sound preparation of Post-2027 Strategic Plans

10 Case Studies

Main beneficiaries

For policy-makers (EU, national and regional) and governance bodies

For universities, researchers and young scientists

For innovators and developers

For farmers, producers and producers's associations

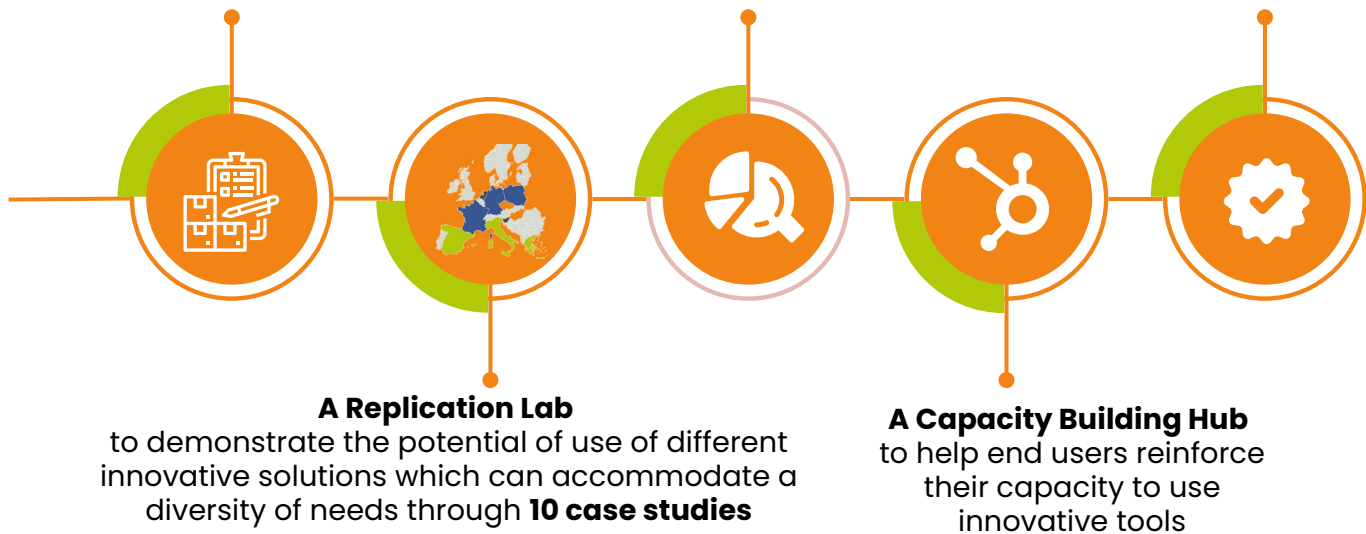

For other stakeholders relevant to agricultural and rural development

Main outcomes

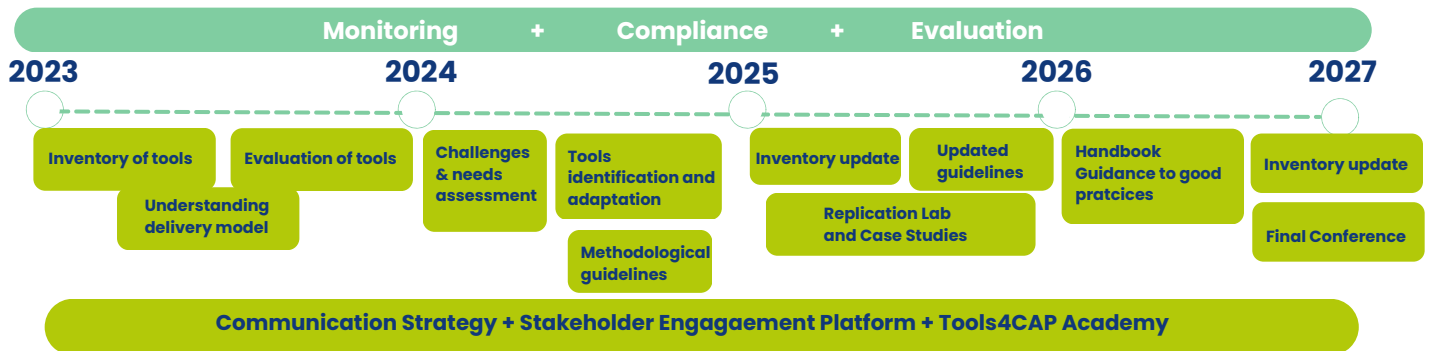

Inventory of methods and tools used in the 27 Member States

Methodological guidelines on innovative solutions

Handbook of good practices

Main milestones
